SCHEDULE I

[See sections 2 (n), 4, 11 and 29]

NOTE I.—An Urban Agglomeration is made up of main town together with the adjoining areas of urban growth and is treated as one urban spread. The population covered by such spreads is categorised as urban. Each such agglomeration may be made up of more than one statutory town, adjoining one another such as a Municipality and the adjoining Cantonment, etc., and also other urban growths such as a Railway Colony, University Campus, etc. Such outgrowths (O.G.) which did not qualify to be treated as individual towns in their own right and have pronounced urban characteristics are shown as constituents of the agglomeration. 5

SCHEDULE II

[See section 11(2)]

PRINCIPLES FOR DETERMINATION OF THE NET AVERAGE ANNUAL INCOME

1. The competent authority shall first determine the gross income actually derived by the holder of the vacant land acquired during the period of five consecutive years referred to in clause (a) of sub-section (1) of section 11 including any income from any produce derived from cultivation of the land during the said period. 5

2. For such determination the competent authority may—

(a) hold any local inquiry and obtain, if necessary, certified copies of extracts from the property tax assessment books of the municipal or other local authority concerned showing the rental value of such land; 10

(b) estimate the income from any produce from such land, after holding such local inquiry and taking such evidence as it thinks fit and after giving an opportunity to the person concerned of being heard in the matter. 15

3. The net average annual income referred to in clause (a) of sub-section (1) of section 11 shall be sixty per cent. of the average annual gross income which shall be one-fifth of the gross income during the five consecutive years as determined by the competent authority under paragraph 1.

4. Forty per cent. of the gross annual income referred to above shall not be taken into consideration in determining the net average annual income but shall be deducted in lieu of the expenditure which the holder of the vacant land would normally incur for payment of any tax to the municipal or other local authority and for collection and other charges including cultivation charges. 20

STATEMENT OF OBJECTS AND REASONS

There has been a demand for imposing a ceiling on urban property also, especially after the imposition of a ceiling on agricultural lands by the State Governments. With the growth of population and increasing urbanisation, a need for orderly development of urban areas has also been felt. It is, therefore, considered necessary to take measures for exercising social control over the scarce resource of urban land with a view to ensuring its equitable distribution amongst the various sections of society and also avoiding speculative transactions relating to land in urban agglomerations.

With a view to ensuring uniformity in approach Government of India addressed the State Governments in this regard; eleven States have so far passed resolutions under article 252(1) of the Constitution empowering Parliament to undertake legislation in this behalf. The present proposal is to enact a parliamentary legislation in pursuance of these resolutions.

The Bill is intended to achieve the following objectives:—

- (i) to prevent concentration of urban property in the hands of a few persons and speculation and profiteering therein;
- (ii) to bring about socialisation of urban land in urban agglomerations to subserve the common good by ensuring its equitable distribution;
- (iii) to discourage construction of luxury housing leading to conspicuous consumption of scarce building materials and to ensure the equitable utilisation of such materials; and
- (iv) to secure orderly urbanisation.

The Bill mainly provides for the following :—

- (i) imposition of a ceiling on both ownership and possession of vacant land in urban agglomerations, the ceiling being on a graded basis according to the classification of the urban agglomeration;
- (ii) acquisition of the excess vacant land by the State Government with powers to dispose of the vacant land to subserve the common good;
- (iii) payment of an amount for the acquisition of the excess vacant land, in cash and in bonds;
- (iv) granting exemptions in respect of certain specific categories of vacant land;
- (v) regulating the transfer of vacant land within the ceiling limit;
- (vi) regulating the transfer of urban or urbanisable land with any building (whether constructed before or after the commencement of the proposed legislation), for a period of 10 years from the commencement of the legislation or the construction of the building, whichever is later;
- (vii) restricting the plinth area for the construction of future residential buildings; and
- (viii) other procedural and miscellaneous matters.

The notes on clauses appended to the Bill explain in detail the provisions thereof.

NEW DELHI ;

K. RAGHURAMAIAH.

The 12th January, 1976.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 1/8/74-UCU, dated the 21st January, 1976 from Shri K. Raghu Ramaiah, Minister of Works, Housing and Parliamentary Affairs to the Secretary-General, Lok Sabha.]

The President has, in pursuance of clauses (1) and (3) of article 117 of the Constitution of India, recommended the introduction and consideration of the Urban Land (Ceiling and Regulation) Bill, 1976

Notes on clauses

Clause 1.—Sub-clause (2) of this clause provides for the application of the proposed law. The proposed law will apply in the first instance to the States mentioned in sub-clause (2) and to the Union territories. The law will also apply to such other State which may adopt the same by a resolution passed under clause (1) of article 252 of the Constitution.

Under sub-clause (3), the proposed law will come into force at once in the States mentioned therein and in the Union territories and will come into force in any other State which adopts the same, on the date of such adoption.

Clause 2.—This clause provides for the definitions of certain expressions used in the Bill like “ceiling limit”, “urban agglomeration”, “vacant land”, etc. Under sub-clause (q), “vacant land” means land, not being land mainly used for the purposes of agriculture, in an urban agglomeration, but does not include land on which construction of a building is not permissible under the building regulations in force in the area in which such land is situated and land occupied by any building which has been constructed before, or is being constructed on, the appointed day (which will be the date of introduction of the Bill in relation to the States to which the proposed law will apply in the first instance and the date of adoption in relation to the States which subsequently adopt the law) with the approval of the appropriate authority and the land appurtenant to such building. So much portion of the land situated in a village within an urban agglomeration which is used immediately before the appointed day for the purpose of keeping cattle will not be considered as vacant land.

Clause 3.—Under sub-clause (l) of clause 2 read with this clause, no person shall be entitled to own any vacant land or to possess any vacant land as owner or as tenant or as mortgagee or under an irrevocable power of attorney or under a hire-purchase agreement or partly in one capacity and partly in any other capacity or capacities, in excess of the ceiling limit.

Clause 4.—Sub-clause (1) of this clause provides for the ceiling limit in different categories of urban agglomerations. In respect of categories A, B, C and D, the ceiling limit will be 500 square metres, 1,000 square metres, 1,500 square metres and 2,000 square metres respectively.

Sub-clause (2) provides for the computation of ceiling limit in cases where a person holds vacant land in different categories of urban agglomerations.

Sub-clause (3) provides that where in respect of any vacant land any scheme for group housing has been sanctioned by an authority competent in this behalf immediately before the commencement of the proposed law, the person holding such vacant land at such commencement shall be entitled to continue to hold such land for the purpose of group housing. In such a case, the extent of vacant land shall not exceed the extent required under the building regulations governing such group housing or the extent calculated by multiplying the number of units of accommodation in the group housing and the appropriate ceiling limit, whichever is less.

Under sub-clause (4), in any State to which this law applies in the first instance, if, on or after the 17th February, 1975 but before the date of introduction of the Bill, any person has made any transfer (other than a *bona fide* sale) of any vacant land held by him, then, for the purpose of calculating the extent of vacant land held by such person, the land so transferred shall be taken into account as being held by him.

Sub-clauses (5), (6), (7) and (3) provide for the taking into account of the share of any person who is a member of any firm or an unincorporated association of individuals holding vacant land or is a beneficiary of a private trust holding vacant land, or is a member of a Hindu undivided family holding vacant land or is a member of a housing co-operative society which has allotted to him vacant land.

Clause 5.—This clause prohibits certain transfers of vacant land.

Under sub-clause (1), in any State to which the proposed law applies in the first instance, where any person who holds vacant land in excess of the ceiling limit at any time during the period commencing on the date of introduction of the Bill and ending with the commencement of the law, has transferred such land or part thereof by way of sale, etc., the excess vacant land in relation to such person shall be selected out of the vacant land held by him after such transfer, and, in case the entire excess vacant land cannot be so selected, the balance, or, where no vacant land is held by him after the transfer, the entire excess vacant land, shall be selected out of the vacant land held by the transferee.

Under sub-clause (3), in any State to which the proposed law applies in the first instance and in any State which may adopt the law subsequently, no person holding vacant land in excess of the ceiling limit immediately before the commencement of the law shall transfer such land by way of sale, etc., until he has furnished a statement under clause 6 and a notification regarding the excess vacant land held by him has been published under sub-clause (1) of clause 10. Any transfer made in contravention of this provision will be null and void.

Clause 6.—This clause provides for the filing of statements before the competent authority by persons holding vacant land in excess of the ceiling limit.

The statement shall be filed by the persons referred to in sub-clause (4) in the case of individuals, families, companies, firms and other associations, etc.

Clause 7.—This clause makes provision for filing of statements in a case where a person holds vacant land situated within the jurisdiction of two or more competent authorities, whether in the same State or in two or more States. In such a case, the statement will have to be filed before the competent authority within the jurisdiction of which the major part of the vacant land is situated.

Clause 8.—This clause provides for the preparation of draft statement by the competent authority as regards vacant land held in excess of the ceiling limit. The particulars which the statement shall contain are enumerated in sub-clause (2). Sub-clause (3) provides for the service of the draft statement on the person concerned and also for calling from him objections to the draft statement. Under sub-clause (4) the competent authority shall duly consider any objection received from

such person and the competent authority shall, after giving such person a reasonable opportunity of being heard, pass such orders as it deems fit.

Clause 9.—This clause provides for the preparation of the final statement by the competent authority.

Clause 10.—This clause provides for the acquisition of vacant land in excess of the ceiling limit.

Under sub-clause (1), the competent authority has to publish a notification giving the particulars of the vacant land held by the person concerned in excess of the ceiling limit and stating that such vacant land is to be acquired by the concerned State Government and the claims of all persons interested in such vacant land may be made to the competent authority.

Under sub-clause (2), the competent authority has to consider the claims of the persons interested in the vacant land made to it and the competent authority has to determine the nature and extent of such claims.

Under sub-clause (3), the competent authority is empowered to declare, by notification published in the Official Gazette, that the excess vacant land shall, with effect from such date as may be specified in the declaration, be deemed to have been acquired by the State Government. Upon the publication of such declaration, such land shall be deemed to have vested absolutely in the State Government free from all encumbrances with effect from the date specified in the declaration.

Under sub-clause (4), during the period commencing on the date of publication of the notification under sub-clause (1) and ending with the date specified in the declaration made under sub-clause (3), no person shall transfer by way of sale, etc., any excess vacant land specified in the notification and any such transfer made in contravention of this provision will be void. The alteration of the use of the vacant land during the aforesaid period is also prohibited under this sub-clause.

Clause 11.—This clause provides for the payment of amount for the excess vacant land which is deemed to have been acquired by the State Government.

In a case where there is any income from the excess vacant land, the amount payable shall be equal to 8½ times the net average annual income actually derived from the land during the period of five consecutive years immediately preceding the date of publication of the notification under sub-clause (1) of clause 10. In a case where no income is derived from the excess vacant land, the amount payable shall be calculated at a rate not exceeding ten rupees per square metre in the case of vacant land situated in an urban agglomeration falling within category A or category B and five rupees per square metre in the case of vacant land situated in an urban agglomeration falling within category C or category D.

Under sub-clause (2), the net average annual income derived from the excess vacant land shall be calculated in the manner and in accordance with the principles set out in Schedule II.

Sub-clause (3) provides for dividing every urban agglomeration into different zones and fixing the rate per square metre of vacant land in each such zone.

Sub-clause (5) deals with the payment of amount for the excess vacant land which is held by any person under a grant, lease or other tenure from the Central Government or any State Government. In a case where the terms of such grant, lease or other tenure do not provide for payment of any amount to the person holding the land on the termination of such grant, lease or other tenure and the resumption of such land by the Central Government or the State Government, as the case may be, no amount shall be payable in respect of such vacant land under sub-clause (1). In a case where the terms of such grant, lease or other tenure provide for payment of any amount to the person holding the vacant land on the termination of such grant, lease or other tenure and the resumption of such land by the Central Government or the State Government, as the case may be, the amount payable shall be the amount payable to such person under the terms of such grant, lease or other tenure or the amount payable to him under sub-clause (1), whichever is less.

Under sub-clause (6), the amount payable to any person for the acquisition of the excess vacant land shall not exceed two lakhs of rupees.

Sub-clauses (7), (8), (9) and (10) provide for the determination of the amount to be paid under the clause to the concerned person and, if there are several persons interested in the land, the determination of the persons to whom the amount shall be paid and the proportion in which such amount is to be paid.

Clause 12.—The clause provides for the constitution of Urban Land Tribunal for hearing appeals against the orders of the competent authority.

Clause 13.—This clause provides for a second appeal to the High Court from the decision of the Urban Land Tribunal.

Clause 14.—This clause provides for the mode of payment of amount.

Under sub-clause (1), the amount payable has to be paid within a period of six months from the date of the order of the competent authority determining the amount to be paid, or, in a case where an appeal has been preferred against such order, within a period of six months from the date of the final appellate order.

Under sub-clause (2), 25 % of the amount or twenty-five thousand rupees, whichever is less, will have to be paid in cash and the balance in negotiable bonds, redeemable after the expiry of twenty years, carrying an interest at the rate of 5 % per annum.

Clause 15.—This clause provides for a case where any person acquires by inheritance, etc., any vacant land which, together with the vacant land, if any, already held by him, exceeds in aggregate the ceiling limit. In such a case, such person will have to file a statement before the competent authority and the provisions of the relevant preceding clauses will apply to the statement and to the vacant land held by such person in excess of the ceiling limit.

Clause 16.—This clause provides for a case where any person holds any vacant land in any State to which the proposed law does not apply in the first instance but which subsequently adopts the same and such land, together with the vacant land, if any, already held by him in any other State to which the proposed law applies in the first instance, exceeds in the aggregate the ceiling limit. In such a case, such person will have to file a statement before the competent authority regarding the vacant lands held by him and the provisions of the relevant preceding clauses will apply to the statement and to the vacant land held by such person in excess of the ceiling limit.

Clause 17.—This clause empowers the competent authority, etc., to enter upon any vacant land and make survey and take measurements thereof and do any other act which is considered necessary for carrying out the purposes of the proposed law.

Clause 18.—This clause provides for penalty for concealment, etc., of particulars of vacant land.

Clause 19.—This clause provides for the exemption of vacant lands held by the authorities, institutions and organisations specified in sub-clause (1).

Clause 20.—This clause empowers the State Government to exempt any vacant land in public interest and also in cases where such exemption is considered to be necessary to avoid undue hardship to any person.

Clause 21.—This clause provides that where a person holds any vacant land in excess of the ceiling limit and declares before the competent authority that such land is to be utilized for the construction of dwelling units (each such dwelling unit having a plinth area not exceeding 80 square metres) for the accommodation of the weaker sections of the society, the competent authority may declare such land not to be excess land and permit such person to continue to hold such land for the aforesaid purpose subject to such terms and conditions as may be prescribed by rules. Provision has also been made in the clause to the effect that where any person contravenes any of the conditions subject to which the permission for holding the land has been granted, the competent authority shall, by order and after giving such person an opportunity of being heard, declare such land to be excess land and thereupon all the provisions of the Chapter shall apply accordingly.

Clause 22.—Under this clause, where any person demolishes any building on any land held by him or any such building is destroyed or demolished solely due to natural causes and as a consequence thereof, in either case, the land on which such building has been constructed becomes vacant land and the aggregate of the extent of such land and the extent of any other vacant land held by him exceeds the ceiling limit, such person shall file a statement before the competent authority specifying the location, etc., of all the vacant lands held by him. Where the competent authority is satisfied that the land which has become vacant land is required by the holder for the purpose of redevelopment in accordance with the master plan,

the competent authority is empowered to permit the holder to retain such land in excess of the ceiling limit for such purpose.

Clause 23.—This clause provides for the disposal of vacant land acquired under the Act.

Under sub-clause (1), the State Government is being empowered to allot, in excess of the ceiling limit, any vacant land which is deemed to have been acquired by the State Government under the proposed law, or is acquired by the State Government under any other law, to any person for any purpose relating to, or in connection with, any industry or for providing residential accommodation of the approved type to employees of the State Government.

Under sub-clause (4), the vacant lands deemed to have been acquired by the State Government under the proposed law shall, subject to the other provisions of the clause, be disposed of by the State Government to subserve the common good on such terms and conditions as the State Government may deem fit to impose.

Clause 24.—This clause makes special provisions regarding disposal of vacant lands in favour of certain persons.

Under sub-clause (1), where the owner of any vacant land had leased out or mortgaged with possession such land or had given possession of such land under a hire-purchase agreement to any other person and, as a consequence thereof, he has no vacant land in his possession or has vacant land in his possession less in extent than the ceiling limit, and where such land is deemed to have been acquired by the State Government under the proposed law, such person shall be entitled to make an application to the State Government for the assignment to him, in a case where he has no land in his possession, of so much extent of land as is not in excess of the ceiling limit or, in a case where he has land in his possession less in extent than the ceiling limit, of so much extent of land as is required to make up the deficiency.

Under sub-clause (2), the State Government is empowered to assign such land to such person on payment of an amount equal to the amount which has been paid by the State Government for the acquisition of the extent of land to be assigned.

Under sub-clause (2), the competent authority shall have the first option to purchase such land on behalf of the State Government at a price calculated in accordance with the provisions of the Land Acquisition Act, 1894 or of any other corresponding law for the time being in force and if such option is not exercised within a period of 60 days from the date of the receipt of the notice, it shall be presumed that the competent authority has no intention to purchase such land on behalf of the State Government and it shall be lawful for such person to transfer the land to whomsoever he may like.

Clause 27.—Under sub-clause (1), no person shall transfer by way of sale, etc., any urban or urbanisable land with any building (whether constructed before or after the commencement of the proposed law) for a period of ten years of such commencement or from the date on which the building is constructed, whichever is later, except with the previous permission in writing of the competent authority.

Sub-clause (2) provides for the making of an application for such permission.

Sub-clause (3) empowers the competent authority to grant or refuse to grant the permission applied for.

Under sub-clause (4) where within a period of 60 days of the date of receipt of the application, the competent authority does not refuse to grant the permission applied for or does not communicate the refusal to the applicant, the competent authority shall be deemed to have granted the permission applied for.

Sub-clause (5) confers a right of pre-emption on the State Government (to be exercised within a period of 60 days from the date of receipt of the application) to purchase such land with the building at an agreed price or if there is no agreed price at such price calculated in accordance with the provisions of the Land Acquisition Act, 1894 or of any other corresponding law for the time being in force. Where the State Government exercises the right of pre-emption, the execution of the sale deed shall be completed and the payment of the purchase price thereof shall be made within a period of three months from the date on which such right is exercised.

Clause 34.—This clause empowers the State Government to issue orders and directions to the competent authority.

FINANCIAL MEMORANDUM

The scheme of the Urban Land (Ceiling and Regulation) Bill, 1976 requires the implementation and administration of the following:—

- (i) determination and acquisition by the State of the excess vacant land and payment of amount for the excess vacant land acquired;
- (ii) regulation of transfers of vacant land and urban property;
- (iii) regulation of construction of buildings with dwelling units in future and restricting their plinth areas to the prescribed ceiling limits; and
- (iv) hearing of appeals against orders passed by the competent authorities.

After this Bill is enacted, it will apply immediately to the Union territories of Delhi and Chandigarh and to the 11 States, viz., Andhra Pradesh, Gujarat, Haryana, Himachal Pradesh, Karnataka, Maharashtra, Orissa, Punjab, Tripura, Uttar Pradesh and West Bengal, which have passed resolutions under article 252(1) of the Constitution authorising Parliament to undertake legislation for imposing a ceiling on urban property. Under clause 2(k) read with Explanation to clause 10 of the proposed Bill, "State Government" in relation to any land or building situated in a Union territory or within the local limits of a Cantonment declared as such under section 3 of the Cantonments Act, 1924, means the Central Government.

2. While the major work of enforcement of the provisions of the proposed Bill will have to be undertaken by the State Governments, the Central Government will, *inter alia*, have to carry out the following functions:—

(i) Under clause 2(d), the Central Government will have to authorise any person or authority by notification in the Official Gazette, to perform the functions of the competent authority under the Bill in relation to a Union territory and the local limits of a Cantonment declared as such under section 3 of the Cantonments Act, 1924. Either any of the existing authorities may be notified to perform the functions of the competent authority or fresh persons will have to be appointed as competent authorities.

(ii) Under clause 11, read with clause 14, the Central Government is required to pay an amount in cash and in bonds for the vacant land acquired by the Central Government in the Union territories of Delhi and Chandigarh and within the local limits of Cantonments. In cases where vacant lands situated in States are owned by the Central Government, but such lands have been leased out to others and such lands in the possession of the lessees after having been declared as excess are to be acquired (the interest of the lessees) by the Central Government an amount will have to be paid in such cases also.

(iii) Under clause 12, the Central Government will have to constitute one or more Urban Land Tribunals in respect of the Union territories of Delhi and Chandigarh and in respect of lands situated in Cantonments.

(iv) Under clause 32, the Central Government has to appoint an appellate authority for hearing appeals against the orders of the competent authorities. Either any of the existing authorities may be specified as appellate authority or a new appellate authority may have to be appointed.

3. The Central Government will be required to incur expenditure out of the Consolidated Fund of India for implementing the provisions of the Bill referred to above in the Union territories of Delhi and Chandigarh and the Cantonment areas. Even though the Ministry of Works and Housing are responsible for the overall administration of the Bill, no separate machinery for this purpose is required to be set up and the work involved will be carried on by the existing staff in the Ministry. As regards the work relating to lands in Cantonment areas, the Directorate of Military Lands and Cantonments under the Ministry of Defence will be able to undertake it and no separate machinery for this purpose may be necessary. As the Delhi and Chandigarh Administrations have already got establishments for administration of land reforms and urban development, it is hoped that they will be able to carry out the work arising out of the Bill without any extra burden, but it may be necessary to strengthen these establishments to some extent.

4. The expenditure on account of the strengthening of the establishment for administering the provisions of the proposed Bill in the Union territories of Delhi and Chandigarh is not likely to exceed Rs. 3.50 lakhs per annum roughly. This expenditure includes the expenditure on account of pay and allowances of the office staff, rent of office accommodation and expenditure on account of furniture, equipment, stationery, etc. This expenditure is of a recurring nature and will have to be met from the Consolidated Fund of India.

5. Expenditure will have to be incurred by the Central Government for payment of amount in respect of excess vacant land acquired by it in the Union territories of Delhi and Chandigarh and the Cantonment areas. No estimate of the extent of the excess vacant land in these Union territories and Cantonment areas is available. It is not possible to anticipate the extent of excess vacant land that may be acquired by the Central Government. The amount for excess vacant land acquired by the Central Government has to be paid in cash and in bonds. Interest is also payable on the bonds. As it will take time to determine the excess vacant land and complete other formalities before the amount is ultimately paid to the person concerned, the liability of the Central Government to incur any expenditure on this account during the first year after the commencement of the Act may be negligible, but as the work of acquisition proceeds from year to year, the expenditure will have to be incurred from year to year till payment for all the excess vacant land acquired by the Central Government has been made. Thus, the likely expenditure to be incurred would be spread over a number of years. It is estimated that this expenditure is not likely to exceed Rs. 1 crore in the first year and Rs. 16 lakhs per year in subsequent years. After 20 years, when the bonds will be redeemed, a non-recurring expenditure of Rs. 3.20 crores will have to be incurred. This expenditure also has to be incurred from the Consolidated Fund of India.

6. No other non-recurring expenditure is estimated at this stage.

7. In so far as the States are concerned, the expenditure will be met from the Consolidated Fund of the respective States.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 45 of the Bill empowers the Central Government to make rules for carrying out the provisions of the Bill. Sub-clause (2) of that clause catalogues the various matters with respect to which rules may be made. These matters, *inter alia*, include the period within which the statement may be filed under clause 6, the particulars to be mentioned in a statement referred to in sub-clause (1) of clause 6, sub-clause (2) of clause 8, clause 15 and sub-clause (1) of clause 16; the time within which the competent authority shall dispose of a case under clause 11, the form and manner in which an application for transfer of land may be made under sub-clause (2) of clause 27 and the powers of the competent authority under clause 31(f). The matters with respect to which the Central Government is being empowered to make rules are matters of procedure and detail and it is hardly possible to provide for the same in the Bill itself. The delegation of legislative power is, therefore, of a normal character.
